Foxbar Falls is an idyllic, picturesque camping ground with stunning granite, bush walks, lakes and the falls. It is a farming property about 20 mins west of Stanthorpe. There are powered and unpowered sites and an amenities block. Your furry friends are allowed. BBQs will be available. Camp site fees are a bargain \$126 per site for 4 nights for our group.

This flyer is designed to grab your attention to put this event in your calendar. A full program will come within the month so we can make the most of the food and wine delights of this area. A locality bus trip is planned for Wednesday, and your suggestions are welcome. Your days can be your own with time for relaxing with your register friends. We have 10 sites set aside for our group (five are already taken) but others will be available. Our committee may provide some assistance towards a good time. For those without a caravan/motor home, Ned's Cabin nearby will accommodate two couples at \$315 per couple (includes stay 4 nights pay for 3).
