

What's New at SNG Barratt?

Check out what is new to range at SNG Barratt this week...

New in Stock!

Fuel Tanks — XJ6 / XJ12 Series 1 (C40190*/1 & C40191*/1)

SNG Barratt has introduced brand-new fuel tanks for the XJ6 and XJ12 Series 1, supplied in galvanised steel with a silver paint finish. Available as a right-hand and left-hand pair, these tanks offer a quality, ready-to-fit replacement for one of the more challenging components to source on early XJ models. Please note that very early Series 1 cars will additionally require fitment kit C40910*FK. Click [here](#) to view RH and [here](#) to view LH on website.

Front Vertical Link RH — XF 2015 Onwards (C2P25453*)

New to the range is this high-quality aftermarket front right-hand vertical link for the XF from 2015 onwards, manufactured to OEM-equivalent standard and supplied complete with ball joint. A key component of the front suspension assembly, this all-in-one unit makes for a straightforward replacement and offers a cost-effective alternative to the genuine part without compromising on quality. Wheel Nuts — Various Models (T4N33551*/1)

SNG Barratt has added a high-quality aftermarket wheel nut to the range, covering a wide variety of Jaguar models. Zinc plated and manufactured to OEM-equivalent standard; these are a dependable and competitively priced replacement for a component that sees more wear and replacement than most.
