

What's New at SNG Barratt?

Check out what is new to range at SNG Barratt this week...

New in Stock!

Rear Shock and Spring Assembly — Jaguar XJ6/12 (CBC5742ASSY)

Assembled in Bridgnorth by our skilled workshop team, these assemblies are ready to fit. Save time by purchasing these fully assembled rear shock and spring assemblies rather than sourcing and pairing components separately. Each unit is built to original specification, giving the correct ride height and handling characteristics straight out of the box. XJ6/12 only. Click [here](#) to view part on website.

Dash Legend Strip RHD — E-Type, MK2 and Daimler V8 (C15609*)

Resourced by SNG Barratt, now manufactured from a better material to ensure a long-lasting product. The new version is far more durable than previous versions and will not fade, even with prolonged exposure to sunlight through the windscreen. It restores the correct factory appearance to the dash, replacing legends that have typically discoloured or worn away on cars of this age. Click [here](#) to view part on website.

Front Brake Pads (380mm) — Jaguar XF (X250), XK (X150) (C2P26236*)

High-quality Mintex brake pads. Manufactured by one of the world's leading braking companies, these pads offer significant savings compared to original equipment without compromising stopping power. Suited to everyday driving as well as spirited use, they provide consistent bite and reduced brake dust compared to budget alternatives. Click [here](#) to view part on website.

Can't find what you're looking for? SNG Barratt is constantly producing new and uprated parts for classic and modern Jaguars. If there is a part you cannot find on the website or a part you think SNG Barratt should consider making, don't hesitate to
