SNG Barratt Press Release

Thursday5th November

What's New at SNG Barratt?

SNG Barratt is pleased to confirm its attendance at the **Classic Motor Show at the NEC** this year, one of the highlights of the classic car calendar. Visitors will find the team on **Stand 1-155**, showcasing a wide range of Jaguar car parts and accessories, and available to discuss restoration projects, technical queries and parts sourcing.

Check out what is new to range at SNG Barratt this week…

New in Stock!

Lucas 18 ACR Alternator — 50 Amp (LRA100)
The Lucas 18 ACR is the most widely used charging unit ever fitted to British classic cars, installed as original equipment from the early 1970s and still the go-to choice for upgrades and dynamo conversions. This 50 amp unit is backed by a five-year warranty. Click here to view part on website.

Composite Head Gasket — E-Type Series 2 / XJ6 4.2 (NXD2520AA*/1)
This composite head gasket for 4.2 engines conforms closely to the cylinder head and block surfaces, giving a reliable seal on the classic XK engine. Click here to view part on website.

Right Hand Rear Halfshaft — XF, up to VIN R47153 (C2Z2245*)
Introduced as an alternative to the high-cost genuine part, this halfshaft is manufactured to the exact OEM specifications. Click here to view part on website.

Can't find what you're looking for? SNG Barratt is constantly producing new and uprated parts for classic and modern Jaguars. If there is a part you cannot find on the website or a part you think SNG Barratt should consider making, don't hesitate to
