Not one but two XF Jaguars appear in a chase sequence filmed on the streets of Matera, Italy in the new Bond film, No Time to Die. The saloons weave through the twisting city streets in pursuit of James Bond. The lightweight aluminium “intensive architecture” and advanced suspension design enable exceptional handling and agility together with comfort and refinement, jaguar.com reports.

No Time To Die’s special effects and action vehicle supervisor said “The Jaguar XF was an exciting choice for this high intensity car sequence. We always look to push the boundaries to extreme limits in our stunts, and this extends to the capabilities of the vehicles too. There is no compromise with this scene. There were only inches to spare in the narrow alleyways and no margin for error, the XF shows its performance and driving dynamics.”

New Member Afternoon Tea

More than forty new members have joined the Brisbane Register of the Jaguar Driver's Club during 2020-2021. It was great to finally have a chance to welcome them at Chairman and Life Members, Lloyd and Lorraine's Karalee home during October for afternoon tea and an impromptu car show. Hope to see you all again soon.

Sylvan Beach Seafood

Drive Out Day

Brisbane Register was joined by Sunshine Coast Register members for a welcome day out at unspoiled Bribie Island. The weather was beautiful with a front row seat on the bay joined by champion chip scoffing pelicans and their seagull friends. A lively group of 30 enjoyed a seafood lunch and a story or three, top and tailed with a drive in their favourite motor.
