Gold Coast Chairman's Weekend Away

Friday 26th August was a bit cool as members met at Arthur Earle Park, Nerang at 7.30am for this year's weekend away to Glenn Innes. After David Willmott handed out the route instructions, we set off through the hinterland to Beaudesert where we stopped for a short time. While in Beaudesert we saw members of the Mazda MX5 club passing by, and we were to see them again on Sunday. We then headed down the Mt. Lindsay Highway and Summerland way to Kyogle in NSW for morning tea. There was not a lot of traffic on the road but the road surface was still showing signs of the recent bad weather and there were some delays due to road work being undertaken. After morning tea, we continued through Kyogle to Casino and then on the Bruxner Highway towards Tenterfield. The road was quite windy in parts and as before there were some broken surfaces which slowed the trip down. Before reaching Tenterfield we pulled into the Lunatic Hotel in the small township of Drake for lunch and a short rest. It was then on to Tenterfield where we turned south on the New England Highway and a steady drive to Glenn Innes, where we booked into our rooms in the New England Motel. After unpacking the cars and getting settled in our rooms, we congregated at the pool side for drinks and nibbles. The weather although sunny was somewhat cooler than on the Gold Coast and we were all rugged up in coats, scarves and hats. Dinner was in the motel restaurant heated by an open fire, and the staff put on an excellent repast for us. We had the usual fun during dinner with some laughs about the raffle prizes, before heading to an early bed.

Early next morning we met again in the restaurant for a full breakfast before heading off to one of the two main events for the weekend, a visit to the National Transport Museum in Inverell, which was about 45 minutes away. The manager gave us a talk on the museum exhibits and details of the age and ownership of some of the cars. The display included cars from the beginning of the 20th century through to models which were more familiar to club members, as well as a NSW Government double decker bus, a couple of vintage racing cars and a large collection of motorcycles. Of particular interest was a 2011 gull wing Mercedes AMG SLS Coupe sports car which had so much electronics fitted, the car had to be programmed before it could be moved. Members spent a couple of hours viewing the exhibits before sitting down to sandwiches put on by the hosts. Saying our goodbyes to the staff we headed back to Glenn Innes for the second activity of the day, a visit to the Makers Shed silversmiths. Returning to the centre of town we spied a police car by the side of the road in the main street. The Porters decided to check out what was going on by going around the block. John was subsequently flagged down and breathalised. It was a good job it happened before dinner! Upon arrival at the Makers Shed, Richard Moon showed the ladies a selection of fine silver work and other items for sale. It was then back to the motel for a break before congregating again beside the pool for more drinks, nibbles and conversation. The owners of the motel, members David and Sharon Harris joined us for dinner which was as excellent as the night before, with some complimentary wine provided. Sunday morning turned out cold and overcast so, after again an excellent breakfast we rugged up before travelling back to Tenterfield for the second of our key events, a visit to the Tenterfield Rail Museum. Just outside the town a kangaroo was lying in the centre of the road, a victim of roadkill. Most members were able to avoid it but due to oncoming traffic Debbie and Steve Duncan drove over the animal. Luckily no damage was done but it was an unfortunate incident. On arrival at the rail museum we found the MX5 club were in the middle of their Show and Shine and concours judging. We parked away from the other club and proceeded to look at the rail exhibits. The hosts put on a great selection of sandwiches for lunch followed by sticky date pudding dessert. It was then time to head home. Most drivers chose to drive home via Warwick and the Cunningham Highway but unfortunately for us there must have been a horse event somewhere on the Darling Downs as the traffic was very heavy down through the Cunningham Gap. Reaching Aratula, members had a break from the driving by stopping for coffee. It was then the final run home. Thanks go to Di Cooper ably supported by David and Ruth Willmott for a great and memorial weekend.
