

JAGUAR DRIVERS CLUB OF QUEENSLAND WIDE BAY REGISTER

(Bundaberg, Maryborough and Hervey Bay)

2ND Oct 2017

G,day to you all,
Last weekend we had our Xmas run to Kingaroy. Starting out we left Childers running to Biggenden where unfortunately we had our first casualty with Dennis and Sue Allison's ragtop XJS failing to proceed. Appears fuel filter was the problem and the car limped home slowly and was out of the event.

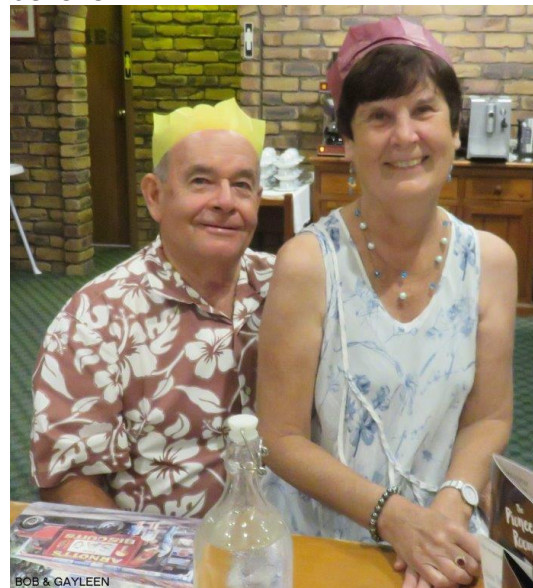

The remaining group continued on to the Hivesville pub for lunch.

Lee Buckley and Josie Mittlheuser.

We then travelled to the Kingsley grove winery near Kingaroy for wine testing and nibbles and a walking discussion on the merits of wine.

The motel in Kingaroy was next stop for a bit of a spell and then dinner, secret Santa and raffles which all went down well and is always a lot of fun. Everyone won something and that's why the raffles only earned about \$3 I believe.

Nice Pic of Bundy Bob and wife Gayleen

Sunday was a beauty hot brekky and then to some lookout where the local blokes had been doing a bit of circle work destroying the parklike lawns.

Then to the Lavender farm which the ladies just loved. Lovely spot and shady grounds. More food.

Then to the Dusty Hill winery for lunch and sampling, great food and an altogether great spot, I'll go back anytime.

We then said farewell to the contingent from Rocky and Gladstone and the run for home

Great weekend and totally enjoyable with Dennis car being the only negative aspect to the weekend. I forgot to mention John Larges X type also failed to proceed before the start and he continued on in not a Jaguar.

Thanks to Paul Mittleheuser for the planning and general idea for the run and Bundy Bob for the execution of it on the day, and Josie for the work she does in arranging all the raffles and prizes as well as Sandy and Bevin Hallyard for supplying the Bob Bon's. I did well in the sampling and came home with six bottles of plonk.

Whilst driving home from Kingaroy, we were in her majesty (ser111) and hit a dead rotten decomposing roo. Impossible to avoid him at the time so there was a mighty thump in the sub frame of her majesty. She seemed to be soldiering on without any noticeable problems.

After arriving home we searched the garage looking for what we thought was a dead rat. Turned out to be decaying roo guts and sinew she was really on the bugle. Now I am off to the carwash to clean the underbody.

Third weekend in February is the next meeting which will be held at

I trust all members' will have an enjoyable Xmas with lots of grand fair and look forward to seeing you in the new year.

Best wishes,
Bill Buckley
